I am a Stephen King fan, and I just started reading his latest book, Under the Dome. It's about a small Maine town that, one day, is sealed off by an invisible dome. The 'what if' scenarios that then ensue are the hallmarks of King's talent. Like all artists, King's writing has evolved over many years. Welcome to my continuing evolution. But, unlike King, it's good and bright in my Zone... ☺

TRUE NORTH

I will have an art show at True North in San Diego, beginning November 1. If you have never been to this popular North Park tavern, you now have a good reason to go! Fast becoming the hot spot of the neighborhood, this venue is great for socializing as well as for watching every football game you can think of.

See more info at www.truenorthtavern.com.

THE PERSONAL SERIES

The Personal Series is work that is commissioned by you and designed by you. You give me colors and phrases, and I create an original painting just for you. These paintings make very special gifts. They are perfect for anniversaries, graduations and birthdays, to name just a few. Below is one I did last month for a very dear friend as a birthday present.

Song lyrics and poems are prime candidates for the Personal Series. The creative possibilities are infinite. Prices range from \$200 for a 12" x 12" to \$400 for a 20" x 20" painting. I can go larger too, if you desire.

If you have someone special, and you're at a loss for a meaningful gift, here's your chance to show someone how much you really care. ☺

Note: I am available for commission work outside of the Personal Series, too!
